

Información sobre cómo terminar la composición

Now that you have written about what you did in the morning, at school and at home, it's time to put it into a more complete composition.

- You should have received all of your sentences back with corrections if you were here in class to complete them. If not, please complete the first copy and hand it in so I can give you feedback and credit for completing them.
- Type all 12+ sentences into your computer in the order of morning, school and evening/night.
- Use the document on the website called *Conectores de secuencia PDF* to get ideas about inserting connector **before** sentences and **between** them.
- Use **at least five** connectors to get more experience telling a sequence of events.
- End the composition with a summary of your opinion of your routine in the morning, at school and in the evening. Use the document called *Cómo expresar la opinión PDF* again.
- Write this as a composition, not as separate sentences.
- Have the completed typed document with connectors and your opinion of your routine ready for next Thursday, November 2. Please double space and use at a 12 point font.
